CIRCULAR

Sub:- Regarding stock transfer to manage requests of excessive closing balance at FPSs

Whereas, several requests are being received in the Distribution Branch regarding storage issues being faced by Fair Price Shop owners due to closing balance of previous months left unadjusted in future allocation. Presently allocation is being generated to the full entitlement without adjustment of the previous months' closing balance in order to cater to the increasing demand of ONORC/migrant beneficiaries.

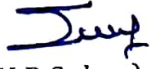

In view of the same, in case of requests received from FPS licensees regarding excess stock of closing balance lying at the FPS, the concerned Zonal Assistant Commissioners, after examining the exact situation and with the due consent of the concerned FPS owners, may undertake stock transfers strictly through online mode (as per module designated by IT branch) from the FPS where excessive stock is available to any other FPS/FPSs where stock is required or can be accommodated.

Such transfers may be done preferably within the same circle and if not possible, within the circles of same district. However, such transfers may also be allowed to any FPS across Delhi even outside the District subject to due online entries on the designated portal/login ID of the concerned Zonal AC.

The Concerned Zonal Assistant Commissioners shall be liable to ensure that no diversion/pilferage occurs while undertaking the above process and the stocks are correctly reflected on the respective ePoS machines of concerned FPSs after any such transfer.

The cost of transportation involved in such stock transfers shall not be borne by the F&S Department.

This issues with the prior approval of Secretary-cum-Commissioner, F&S.
