

Tamil Nadu Pollution Control Board தமிழ்நாடு மாசு கட்டுப்பாடு வாரியம்

Directory of Manufacturers & Suppliers of Eco-alternative Materials for Single Use Plastics in Tamilnadu

PREFACE

The Government of Tamil Nadu, vide G.O. Ms. No. 84 dated 25.06.2018 under Section 5 of the Environment (Production) Act, 1986 notified imposing ban on manufacture, storage, transport, supply, sale and use of 'use and throw plastics' such as plastic sheets used for food wrapping, plastic spreads on dining table, plastic plates, plastic coated tea cups and plastic tumbler, water pouches and packets, plastic straw, plastic carry bag and plastic flags etc., irrespective of their thickness with effect from 01.01.2019. As per this notification, "No person including shopkeeper, vendor, wholesaler, retailer, trader, hawker or salesman shall use 'use and throwaway plastics'"

The Tamil Nadu Pollution Control Board (TNPCB) in co-ordination with line departments has taken action for effective implementation of the ban on such plastics, which include awareness programmes through regional conferences, district environmental committee meetings, rallies at district headquarters, messages through social media, display board in national highway toll gates, surprise checks for enforcement and so on. The awareness programs conducted mainly focused on the use of eco-alternative materials to the banned Single Use Plastics which include products made from cloth, jute, paper, areca nut, glass and several other organic or eco-friendly materials.

Subsequently, the Government of Tamil Nadu vide G.O. (Ms) No. 116 of Environment, Climate Change & Forest (EC.2) Department dated 27.11.2021 notified 4 strategies to be adopted to fight plastic pollution and eliminate single use plastics which are as below:

- a) Support people's movement against plastic through communication that is impactful and innovative
- b) Design a framework for effective monitoring and reporting on implementation of the plastic ban across the state.
- c) Coordinate and interface with stakeholders to design and popularize sustainable eco-friendly alternatives.
- d) Work with Industry, Micro, Small and Medium Enterprises and other stakeholders to create a roadmap for large scale production of eco-friendly alternatives to plastic packaging through workshops, seminars and knowledge sharing

In this regard, "Meendum Manjappai" campaign was launched on 23.12.2021 during which display of various eco-friendly alternatives in the exhibition stalls along with machineries for production of eco-friendly alternatives had been exhibited.

Further, a National Task Force (NTF) was formed under the chairpersonship of Secretary, Ministry of Environment, Forest & Climate Change (MoEFCC) and during the second National Task Force meeting held on 04.04.2022 it was insisted to raise awareness on the availability of Alternatives to SUP items in the market.

In order to make the details of eco-alternative products manufacturers and suppliers in the State of Tamil Nadu widely available in the larger public interest, the Tamil Nadu Pollution Control Board (TNPCB) has outsourced the work of carrying out the District wise study & compilation of the Directory of manufacturers and suppliers of eco-alternative materials for Single Use Plastics (one time use and throwaway plastics) to The Energy and Resource Institute (TERI), Bangalore.

This Directory, prepared by the TERI is a compilation of businesses that deal with environment friendly alternatives to plastics, especially those of single use, across the entire state of Tamil Nadu. For the compilation of the Directory, a draft list composed of various manufacturers, traders and wholesalers/retailers who deal with eco-friendly alternatives has been prepared using open-source information from individuals, business associations as well as some trade / company specific websites. The draft list which has been prepared majorly using the following websites and they are gratefully acknowledged:

1. <https://www.indiamart.com>
2. <https://www.tradeindia.com>
3. <https://www.justdial.com>
4. <https://www.dial4trade.com>
5. <https://www.indianyellowpages.com/>
6. <https://www.exportersindia.com/>
7. <https://useityellowpages.com>
8. <https://tnpcb.gov.in/>
9. <https://msme.gov.in/>
10. Some company specific relevant websites.

The draft list thus prepared was used as a base upon which each company was contacted telephonically in each of the 38 districts of Tamil Nadu. Field surveys across the districts were simultaneously carried out by random sampling. The final list has been compiled herewith and is presented in this Directory. Apart from the basic details, some additional information regarding the infrastructure, annual turnover, production capacity and other related data has also been included.

This Directory will thus serve as a baseline data for those seeking information regarding manufacture, supply, sales and export for eco-friendly alternatives in their nearest location. This Directory will thus serve public interest, environment and promotion of nature-based alternatives to single use plastics.

DISCLAIMER

The Directory is intended to serve as a guide and a compilation of Suppliers, Manufacturers of eco-friendly alternatives to Single-Use Plastics spanning 38 districts of Tamil Nadu. The Tamil Nadu Pollution Control Board (TNPCB) and The Energy and Resource Institute (TERI) have made every effort to ensure accuracy of the information and material presented in the Directory. Nonetheless, all information contained in this publication may change without notice as they are pertaining to individual business owners upon whom, neither TNPCB nor TERI have any functional or administrative control and do not constitute professional advice in any manner.

No part of this publication may be reproduced, stored in, or introduced into a retrieval system, or transmitted in any form or by any means (electronic, mechanical, photocopying, recording or otherwise), in part or full in any manner whatsoever, or translated into any language, for commercial or any other purpose(s) without the prior written permission of the TNPCB. Neither TNPCB- TERI nor any of its employees accept or assume any responsibility or liability in respect of the information or its validity provided herein.

TERI has made the collation and compilation of the directory for the TNPCB, and information including telephone numbers, addresses, product information and photographs have been obtained from all open sources viz, individuals, business associations, trade directories, web-based directories etc. The endeavour has been to include all potential businesses to give increased visibility in larger public interest and provide as much comprehensive information as possible. Therefore, TERI or TNPCB cannot anticipate or be held responsible for any / all variations in actual end-use conditions and TNPCB / TERI cannot be held accountable for any inadvertent omissions or omissions resulting from unavailability of proper information at source.

As the whole initiative is done purely in public interest and done with the sole intent of facilitating every stakeholder a smoother transition to eco-friendly alternatives from Single Use Plastics (SUP), no business(es) or party / parties can claim to be featured or to not to be featured as a matter of right as TNPCB – TERI make no warranties and assume no liability in connection with publishing or any use of this information. However, discrepancy / discrepancies, representations of any form or manner and error(s) found, if any, in this publication may be brought to the notice of TNPCB for appropriate correction during revisions or on release of updated editions in future.

A teal-tinted landscape photograph of a mountain range. The mountains are layered, with the foreground being the darkest and the background being the lightest. In the lower foreground, a herd of cattle is visible, though they are dark and somewhat indistinct. The overall mood is serene and natural.

A photograph of a sunset over a body of water. The sun is a bright yellow-orange orb in the center of the horizon, casting a glow across the sky. The sky transitions from a pale yellow near the horizon to a deep blue at the top. Several dark silhouettes of boats are visible on the horizon line. The foreground shows the dark, rippling surface of the water.

An aerial photograph of a vast, green, hilly landscape. The terrain is covered in dense vegetation, likely a forest or scrubland. In the background, a prominent mountain peak with a flat top rises above the surrounding hills. The sky is a clear, light blue. The overall scene is a wide, open natural landscape.

An aerial photograph of a road in a rural area, overlaid with a teal gradient. The road is a light-colored, unpaved or gravel path that runs vertically through the center of the frame. It is flanked by dark, dense vegetation, likely trees and shrubs. The background is a vast, flat, light-colored area, possibly a field or a plain. The overall image has a soft, slightly blurred quality.
