1.0 Background

Ministry of Environment Forest and Climate Change notified Battery Waste Management (BWM) Rules on 22nd August, 2022 as per which every producer and person or an entity involved in manufacturing of battery shall have to register with CPCB. Producers and manufacturers of battery shall have to register through the online centralized portal developed by CPCB.

As per the provision under Rule 4 (1), Producer has the obligation of Extended Producer Responsibility (EPR) for the Battery that they introduce in the market to ensure the attainment of therecycling or refurbishing obligations. Producers are required to fulfill their EPR obligation by ensuring that waste battery is recycled through certified waste battery recyclers to meet assigned EPR targets.They shall obtain EPR certificates from recyclers according to the quantity of waste batteries recycled by recyclers and use such certificates to meet their EPR targets.
